### **2015 Yellowtail Derby Could Break Records**

The Fishing Season has not slowed down. One Open Party Captains said, "The bite began last year in February." There must be a lot of bait in the water because the in shore Yellows are healthy, going 25 to 30 pounds. Yellowtail continue to fill the bags of the ½ & ¾ day boat anglers.

With the warm water and plentiful bait, we should see more and larger White Seabass and Halibut. It would not be a surprise to see a wining tail over 50 pounds

In that regards, we have a New Exciting Contest – **Guest the Weight of the Winning Fish.** It is the brain child of our longtime friend and Derby angler/sponsor Doug Kern of **Fishermans Landing Tackle Shop.** I attached the Entry Form. You must enter before the Derby starts. Only one entry per person. In the case of a tie, the first one received will count. The Biggest shopping spree is for the Biggest Yellowtail. Guess the weight of the Biggest Fish of all 3 fish categories.
